

Become Partners in Life in a Tropical Paradise!

Congratulations from TPI-Tropical Escapes. We offer travel options specifically designed for about-to-be-weds, newly-weds and the romantics at heart!

There is nothing more precious than having your dream wedding come true. Planning a wedding these days can be very stressful and expensive. This is why so many couples want to celebrate their wedding, honeymoon and a much-needed vacation all in one.

Having a dream wedding and honeymoon in paradise is a break from the every-day tradition, and gives the couple a stylish expression of their love for one another. From an exciting Las Vegas-style wedding to a romantic sunset ceremony on a beach, there are a variety of packages to select from, ranging from a quick and simple "I do" to large, lavish ceremonies. It can be intimate, featuring just the two of you, or it can include family and friends to join in the celebration; they could use a vacation, too!

With so many beautiful destinations to choose from, the options are endless. It is important that the setting be enchanting, whether you are tying the knot or renewing your vows. Plus, the best part is that all of the arrangements are taken care of. Leave all the preparations and concerns to us and focus on what matters the most: relax, look forward to the big day, and maybe work on the tan!

TPI-Tropical Escapes is a certified destination-wedding design company. We specialize in consulting, planning and coordinating destination weddings, honeymoons and romantic escapes to the most beautiful destinations in the world.

TPI-Tropical Escapes has assisted couples with their dream destination weddings since 2000.

I started this division as an addition to my travel agency, TPI-Your Holiday Headquarters. I felt it deserved to have its own identity, and it is now the main focus of my business.

I believe that the wedding couples deserve to have my full attention when planning one of the biggest days of their new lives together. We are a franchise of Travel Professionals International, which is Canada's largest network, with more than 700 associates. This year, TPI is celebrating its 15th anniversary. As a Certified Travel Counsellor (CTC) and a Destination Wedding Specialist (DWS), I love to travel the world and then share my experience and professional knowledge with my clients.

As a destination-wedding bride myself, I know first-hand what needs to be done, exactly how perfect it needs to be, and what is to be expected.

It started 10 years ago when my husband and I wanted to have a destination wedding. At that time, no one had any idea where to start, or what was required to have a wedding away. After many months of research, I planned and booked our destination wedding in Hawaii. After realizing that there must be other couples that are dreaming of a destination wedding but have no idea where to start, I decided to start my own company and help couples with their dream weddings.

I'm a big romantic at heart, and that's one of the reasons we try to renew our vows every year. Not only do I get to remarry my soul mate again and again in the most beautiful and romantic places, this also gives me a chance to experience the destinations first hand. It's important for me to get to know the culture, get acquainted with the local wedding coordinators, and become knowledgeable about the marriage requirements and other destination details.

I have a strong commitment, passion and desire to make every couple's dream

wedding come true, and in any destination they desire. Besides planning our destination wedding in Hawaii, we have renewed our vows in Punta Cana in the Dominican Republic, Las Caletas in Puerto Vallarta, Varadero, Cuba, at a drive-thru wedding chapel in Las Vegas.

A paradise promise to you...

TPI-Tropical Escapes, DWS will reduce the stress of planning the special day by helping couples find a beautiful destination, the perfect resort and the romantic wedding package to suit their needs. So

start working with me today, and enjoy the peace of mind that comes from knowing that every last detail is going to receive dedicated and expert attention!
